*There's not a girl
on the planet that doesn't
want to feel pretty. The idea
of pretty can change and be
REDEFINED. All out
girly, a wee bit of boy
mixed in. The luxury of
kensie is you get to
play pretty as **PRETTY**
AS YOU FEEL.*

as your heart's desires
into a memory of the heart
leave your heart's desires
I've been to
Sweeten your heart's desires
what you had said I listen to you
It's nice when things just go together
made sensual
with you
I got looking and you
play with your mind
Left the hand
see it but shy about

LAYERS OF LIGHT
TEXTURES, TRANSLUCENT

Pretty
Mingling in layers of light.
Seeing through it, moving through it.

Watch me,
watching you.
IT'S ALL A
JOURNEY to find
WHAT YOU LOVE.
who you love,
where you want
to be.

*Sometimes
you layer
your moods
like controlled
confusion.*

a side of love.

*some things you
love forever,
some for just an instant, some
just best to leave on the side.*

*Right along with
STACKS OF ISSUES
AND THOUGHTS
AND IDEAS. You
keep some, you lose some, and
you simply toss some.*

MINGLING, MOVING THROUGH MOODS AND FINDING PRETTY WAYS TO DRESS THEM. FALL 08 MIXES TEXTURE, CRE- ATES SHAPES ALL PRETTY AND MODERN. ELEGANT AND DAIN- TY, WITH A CONFIDENCE THAT GENTLY SAYS HERE I AM AND HERE'S WHAT I THINK TODAY.

We love playing with the exploration of finding your way. The curiosity. Whimsy of things silly and contrasting. Romantic notions that play together in magical ways that add interest and excitement to the day. The vitality and look of what the world is offering right now. *This is the inspiration of kensie.*

*things that made me laugh
last night. How they're not
that funny.*

*700. 10/10
and love*

gorgeous

*This would be the
DESIRED REACTION
one thinks of while
dressing themselves in the
morning. We get that.*

*You may be in the mood for
some REFRESHING
CHAOS. Something to add
some snap and shock your-
self or someone else into
some kind of realization
that you are SAYING
SOMETHING.*

*And when the light
makes you stop and stare.*

a MANIFESTO for *tomorrow*.

ME,
MYSELF
AND I.
we're good.
