\_\_\_\_\_ this girl came to town. she's new. a new kind of girl. she loves a lot of things. she's obsessed with the world. she loves to go out in it. to make it her own. explore with clothes. grab and go sort of clothes. clothes you throw on and make your own. KGF10 is about a girl who went out and fell in love with the cutest cafe ever and made it her own. everyday she goes back to the same cafe. yellow stools got her mind going. she painted the forks and then the spoons. she painted the plates and added a zebra. she loves zebras. she wrote on the windows. she papered the walls. day after day she came back. she made a guide, a city guide. her kind of guide. she stored her shoes and boots in the fridge, her bags in cupboards. her jewelry strung on hooks for sausage. she's on the run in a city she doesn't know. she's clever, cool and kind of fun. yes, there's something new with this girl.

**zebra** not that the entire f10 collection is about zebras, we love pop art, a lot, and we love zebras.

**things. this girl has things she keeps with her, leaves behind. things like a bag for this, a boot for that, a touch of jewelry and that to her is rather rad. makes her glad.**

**paris street** \_\_\_\_\_ did we mention she put the frills in her pockets, the polka dots fell and the skirts were replaced with leather-like decorated leggings. like paris street this girl is.
